COVID-19 PRECAUTIONS

COVID-19, caused by the coronavirus disease, is a respiratory illness that can spread from person to person.

To ensure the health and safety of our staff and guests, we ask that the following steps are taken while on the premises at California Electrical Training and NLCAA:

1. Wear a mask at all times. We will provide a mask if you do not have one. Avoid touching your eyes, nose and mouth.
2. Wash your hands with soap and water for at least 20-seconds upon entering and exiting the building. If necessary, wash your hands every 30 minutes. Hand sanitizer is also available.
3. Please do not enter the building if you are experiencing any signs of illness, including fever or cough. Staff members who are ill, must stay home and not report to work.
4. Please maintain at least a 6-foot social (physical) distance to the greatest extent feasible.
5. If exposed to the Coronavirus, please do not enter the building until cleared by a medical professional.
6. Stay hydrated. If needed, ask staff for water.
